

Piekenierskloof Cinsault 2016

Nestled in the Citrusdal Mountains, some 50 kilometers north of Swartland, is the magnificent Piekenierskloof plateau, which provides the perfect natural environment for vineyards to thrive. At 750 meters above sea level, the plateau's climate is characterised by hot (warm) days and cool nights, which allow grapes to slowly ripen and develop complex fruit flavours. Ungrafted bush vines planted in the 1950's are still used in the production of Piekenierskloof Wine Company's range of Fairtrade wines.

IN THE VINEYARD

Grapes are sourced from vineyards in the Piekenierskloof region. Vineyards are planted in 1973, which makes the vines 43 years old. These vineyards are all unirrigated bush vines and grow on sandy, loam soils. The vineyards are meticulously farmed and managed to yield below 5 tons per hectare and hand harvested second week of March 2016.

WINEMAKING

Grapes are handpicked and cold soaked for 24 hours. Fermentation is initiated with selected yeast strains and is kept under 24°C. Malolactic fermentation is completed in tank, 50% of the wine is matured for 12 months in 6 year old 225L barrels and the rest in stainless steel tanks, a blend of French and American oak
