

# Piekenierskloof Heirloom White 2016

Nestled in the Citrusdal Mountains, some 50 kilometres north of Swartland, is the magnificent Piekenierskloof plateau, which provides the perfect natural environment for vineyards to thrive. At 750 meters above sea level, the plateau's climate is characterized by hot (warm) days and cool nights, which allow grapes to slowly ripen and develop complex fruit flavors. Ungrafted bush vines planted in the 1950's are still used in the production of Piekenierskloof Wine Company's range of Fairtrade wines.

## IN THE VINEYARD

Grapes are sourced from vineyards in the Piekenierskloof region. Vineyards are planted in (Chenin Blanc 1962), which makes the vines 53 years old. Grenache Blanc 1994 and Chardonnay in 1998. These vineyards are all bush vines and grow on sandy, loam soils. The vineyards are meticulously farmed and managed to yield below 5 tons per hectare. Hand harvested middle to end February.

## WINEMAKING

Grapes were handpicked very early in the morning allowing the fruit to retain their natural flavor. Only the free run juice was used, allowed to settle and inoculated with selected yeast strain, fermenting in new and second full 500L French and American oak barrels for 4 months.
